"PUSH—DON'T KNOCK."

Upon the door I saw a sign:
I cried, "A motto! And it's mine!"
A wiser thing I never saw—
No Median or Persian law
Should be more rigidly enforced
Than this, from verbiage divorced—
"This logic's firm as any rock—
"Push—don't knock."

"Twas simply meant to guide the hand
Of those who wish to sit or stand
Within the unassuming door,
This weight of sermon that bore,
Twas never meant to teach or preach,
But just to place in easy reach
The ear of him who dealt in stock—
"Push—don't knock."

But what a guide for life was that—
Strong, philosophical and pat;
How safe a chart for you and me
While cruising o'er life's restless sea;
Push, always push, with goal in view:
Don't knock—avoid the hammer crew.
This rule will save you many a shock:
"Push—don't knock."

When on that door I see the sign,
I say, "Great motto, you are mine!"
No stronger sermon ever fell
From human lips; no sage could tell
The hot-head youth more nearly how
To point always his vessel's prow:
There are no wiser words in stock—
"Push—don't knock."

—Baltimore American.

THE LEDGER delights in obliging its friends. It prints "Help Wanted," "Situations Wanted," "Lost" and "Found" notices free of charge; and as it costs you nothing for such service, don't you think it is as little as you can do to write the copy and either bring or send it to the office?

P. J. MURPHY, the Jeweler.

Manager Levi Stevens of the Electric Light and Gas Plant, in excavating in front of the Limestone Cigar Factory yesterday for the purpose of replacing a gas pipe, opened up a subway that extends across Second into Court street. It was about three feet in diameter and without masonry of any kind. Those who saw it could give no account of its origin. Possibly Colonel William Hixson can elucidate the mystery.

NOT FOUND YET

Edward Cummins Disappeared From East End Coal Fleet

The sudden and mysterious disappearance of Edward Cummins from a coal barge at the East End landing Sunday night has caused many to believe that he is drowned.

Mr. Edwards, Manager of Malone & Walton's coal fleet, had the man employed, and the night in question left him snoring on a barge while he went up to the office, a short distance from the boats, to get some matches to light the lanterns. When he returned, having been absent but a few minutes, Edward was nowhere to be found.

The fact that the missing man was subject to fits, and that his coat was found close by the pump, gives color to the theory that he was suddenly taken with a fit and fell into the river.

A search has been made in the river near the boats for his body. Mr. Edwards is firmly of the opinion that the man is drowned.

PUBLIC LIBRARY

Now a Thing of Beauty and a Joy Forever

That the Maysville and Mason County Library is duly appreciated and growing in public favor under the wise management of Miss Richeson, it is only necessary to state that from October 4th, 1904, to October 4th, 1905, over 3,000 books have been taken out by patrons of the Library.

During that period 61 books have been donated and yearly subscriptions to five standard magazines have been received.

Through the willing and able assistance of the Directors Miss Richeson has transformed the place into a perfect bower of beauty and usefulness.

There is not a similar institution in the state that has a better selection of books, and at the rate new volumes are being added it will not be many years until it will rank with the best Libraries in Kentucky.

Miss Richeson is the right person in the right place, and her selection for the position was a wise and happy one.

A NEW FIGHTING RACE.

In capturing Port Arthur the Japanese achieved what the world thought impossible, what the Russians and the indomitable Stoessel were positive was utterly impossible. In the achievement they made a new record as a race of fighters in the world's history. It is this new fighter and the very scene of this immortal struggle that will be produced by Lyman H. Howe at The Washington Saturday, October 14th, matinee and night. This wonderful reproduction is not faked. It is so grimly authentic that there is no disputing its absolute genuineness. It is moreover exhibited by Lyman H. Howe, and by him only. Seats on sale Thursday morning.

ALL Ohio is smiling over her \$200,000,000 wheat crop. It's mighty hard to beat Republican Prosperity.

PURITY in political life is becoming a National issue; but the disease has not put in an appearance in Kentucky.

NEVER in the history of Mason county did the Republicans have such an opportunity to win—an opportunity that has been literally thrown away.

A CINCINNATI man attempted suicide because he owed \$8 and hadn't the money to pay it. If any delinquent subscriber will do likewise, he shall have the best obituary "poem" in the shop.

SUNDAY was a day of rioting and bloodshed in Moscow, Russia's ancient Capital. Police and troops opened fire on the populace, and many were killed and wounded. As Mister WITTE proved himself such a successful peace-maker at Portsmouth, he should try his hand at home.

THE Louisville Herald has been making great raw places on the backs of the gangsters and sprinkling salt on them. To an outsider, it looks like it would require another "Bloody Monday," or a duplication of the Tom CAMPBELL outbreak in Cincinnati, to bring the people of Louisville to a realization of political conditions in that city.

It is bad leadership that seeks to perpetuate itself by Republican defeat.

THE people of Kansas have been fooling with another gold brick scheme. There is every reason to believe that if Governor Hock succeeds in bringing before the people again the State Refinery proposition it will meet with an entirely different reception. Many people who were heartily and conscientiously in favor of a State Refinery a year ago are not now. Those who at first favored the proposition did not foresee the extent to which the fight would be carried. They have not thought of a crusade which would actually paralyze the oil business and they have never dreamed of an attempt to drive the Standard out of the state, or of frightening capital away from Kansas. But that is what the extremists did. It proved a bad thing for Kansas, because the agitation was carried too far, as all similar agitations are.

Political Pickings

THE CONSTITUTIONAL AMENDMENT.

Cynthiana Democrat.

The proposed amendment to the Constitution to be passed upon at the polls in November should be carefully considered and, in our judgment, defeated. In proposing to return to the old viva voce method of voting lurks more than one danger. There is a danger that threatens the life of the Constitution itself. The Constitution was framed in 1890 after months of deliberation. Its ratification was bitterly fought by the managers of corporations, by corporation attorneys, by politicians large and small, and by every element that seeks advantages denied the man who earns his bread by the sweat of his brow. Despite these powerful influences the Constitution was adopted, and the people are satisfied with it. To return to the old method of voting means to return to the intimidation of voters, buying and selling, and the reign of disorder and violence at the polls. It means that employees, regardless of their conscientious opinions, must vote the will of their employers. It means the disfranchisement of the quiet, peaceable citizen who is unwilling to run the gauntlet of thugs and bullies at the polls. It would deprive the voter of his right to cast his ballot without fear of intimidation of any character. But the most serious danger in a return to the old method lies in future onslaughts upon the Constitution itself, whereby greed and graft may obtain full sway.

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

QThe time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. QTake some reliable remedy for it TO-DAY—and let that remedy be Dr. Roschke's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. QNo matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. QNew trial bottles, 25c; regular size, 75c. At all druggists.

A Worthy Young Lad Wants to Buy
an Artificial Limb

Master John D. Beckett, a sprightly lad of
Aberdeen, lost his right leg by bloodpoison
some time ago, and is now trying to secure
enough money to buy an artificial one.

He is a manly little fellow, worthy of assist-
ance, and his appeal should meet hearty re-
sponse. A trifle from each will accomplish the
result.

Donations may be left at The Ledger Office,
and all sums, however small, will be gratefully
accepted.

PIMPLES

"I tried all kinds of blood remedies which failed
to do me any good but I have found the right thing
at last. My face was full of pimples and black-
heads. After taking Cascarets they all left. I am
containing the use of them and recommending
them to my friends. I feel fine when I rise in the
morning. Hope to have a chance to recommend
Cascarets."
